## March Newsletter

### Message from the Executive Director

March is here and Spring has sprung! We have had quite a flurry of activity around here at Hope's Path over the last several weeks, especially in the form of new volunteers! Recently, the local newspaper (Community Impact) featured Hope's Path as their nonprofit highlight in both the Spring/Klein and The Woodlands editions. This has been incredible and positive publicity for our organization in addition to reminding the community of the needs of aged-out foster care youth. We have received numerous inquiries from people who want to volunteer and/or support Hope's Path. Again, I am amazed by the care and compassion of our local community and all those supporting the young men in our program!

Thank you for reading our newsletter and for your interest in what is happening at Hope's Path. We have a number of special events coming up to get involved in such as the golf tournament and the Ironman Texas. If you have not registered already, we would be honored to have you join us at these events.

Have a wonderful rest of your month and a fun-filled Spring Break!

God Bless,  
Brandon Anderchuk

## Program Highlights

While a volunteer, mentor, or donor can make a difference, the ripple effect is enormous when a core team of supporters is identified at Hope's Path. At Hope's Path, a strength-based perspective is essential for authentic relationships and for providing a safe space for belonging. Our mentorship program guides our young men by first recognizing that we must all follow one influential factor in the strength-based perspective-joining our interns where they are. Our mentor, Keith, is consistent, predictable, and repetitive. Because of this, all interactions with Zach provide a sense of safety and adventure. We recently asked Keith what the mentorship experience with Zach has meant to him personally. Keith stated, *"one of my more humbling moments with Zach was when I challenged him to a bench-pressing contest. My mind said I was still 20 years old and very strong. However, my 60-plus-year-old body could not get the bar off my chest. Zach was gracious in victory. As a mentor, one way I believe I was able to help Zach was to help him focus on getting good at the electrical trade. Although he could be good at many trades, the focus has served him well. Tina and I have been blessed by Zach's energy and enthusiasm for and tasks he undertakes. He has grown both mentally and spiritually in the few years we have spent with him. Zach has a bright future."*

Zach expressed that his relationship with Keith is built on trust and friendship " *Keith and I both share a passion for electrical work. I know that I can reach out to Keith for advice and guidance. In addition, Keith leads by Godly principles in which I can build upon my personal characteristics and traits which lead to success."*

We are so thankful for all our mentors, volunteers, and donors that make authentic investments in the lives of interns at Hope's Path. Thank you, Keith, for all you do to join Zach where he is on his journey.
